

Dr. David Vinci is proud that Adirondack Eye Care has provided quality eye care for the community for over 30 years. The practice was founded and operated by Dr. David Burr. Dr. Burr sadly passed away unexpectedly on November 9, 2003, leaving his family, patients, and staff uncertain about the future of the practice. In 2005, Adirondack Eye Care reopened under the direction of Dr. Ronald Poulin and Dr. Jerry Baker. Kristen Peebles continued as the office manager and was excited about the office's new transition, and future with updated technology.
